CREaTE Fellowship

Engage with other artists and mediums as you produce a creative work.

Spring + summer, \$4,000 // CREaTE funds independent works for students majoring or minoring in creative disciplines.

Broaden your artistic perspective and explore new mediums in spring seminars before you work on your project full-time in the summer. Interdisciplinary projects are encouraged.

“It’s encouraging when a program values the artistic side of you and the science knowledge you have. It’s very inspiring.”
